F. **Auditor's Report (FYE June 30, 2016)**
   Eden Casareno of Eadie & Payne, LLP presented the Auditor's Report for fiscal year ending June 30, 2016. She highlighted the change made in presenting the basic financial statements in this year's report including 2 sets of financial statements that show the accrual balance and the modified accrual balance; the statement of revenues, expenditures, and changes in fund balance that shows the rental gross income and expense separate from the net rental income; the prior period adjustment made to correct error in prior financial statements; and the audit adjustment made related to net pension liability. She suggested that the board review the Management’s Discussion and Analysis portion of the report which highlights the management’s explanation of the library's financial activities for the June 2016 fiscal year end. She made recommendations for improvement for financial reporting purposes that include presenting the net rental income separately from the gross rental income and gross rental expense to better reflect activity for the year, merging the General Fund and the Capital Outlay Fund and have a one line item in the General Fund as capital outlay account; to have a written capitalization policy; and to do a budget to actual expenditures comparison more than once a year to enable the Board to make adjustments as necessary. Robert Dunn suggested that these recommendations be added to the next board meeting agenda.
