   - Changes in the valuation assumptions since the first actuarial valuation done in 2010 which include a decrease in rate of future salary from 2.5% to 2%. Overall, the changes in the valuation assumptions have decreased the costs and liabilities by about 14%.
   - Summary table of the current number of plan participants and the total actuarial accrued liabilities ($262,520) and costs ($33,759) over the next ten years.
   - Summary table of present value of future benefits, the total present value of all future benefits is $274,334.

7. **Review of County Law Bldg. schematic plan for the law library**

Had a meeting with Sergio & Joaquin and reviewed the schematic drawings of the new County Law Building: site plan, electricals, IT, security. Questions raised: Do we have a parking agreement with the County? Do we want the sign to say “Victor Miceli Law Library” or “Law Library”? Will meet again on Sept. 4.
