I. CALL TO ORDER
A quorum being present, the regularly scheduled meeting of the Riverside County Board of Law Library Trustees, was called to order by President Michele Levine at 12:17 pm.

II. PUBLIC COMMENT
Mr. Brown commented about a few of his concerns which are listed in the minutes. He had a spirited conversation about them with the Director which is interesting, informative and extremely nice. He said that he is concerned about the homeless, about the materials that are being locked up, the books that are thrown away, they can’t get into the trash bins to get the books. He wants the Library to sell these books first or give them to colleges or universities before putting them in the trash. He talked about computers for those who are in the library to learn, getting extra computers, and donating $200. He appreciated that the library is looking into what can be done for improvement and that he is satisfied, at this point.

Judge Levine thanked Mr. Brown for sharing his experiences about the library.

   • We are currently withdrawing & discarding several items in our collection of superseded materials that are in the compact shelves. These are obsolete secondary, California practitioners’ subject-specific publications (CEB & Thomson Reuters loose-leaf titles). We are also looking into getting rid of our bound legal periodicals, out-of-state case reporters and annotated codes.
   • We received notice from PERB that SEIU withdrew its unfair practice charge against the library and the case is closed.
   • The power outage that occurred in Indio on July 29 caused the firewall and WiFi server to fail. It failed due to the electrical spike despite the surge protectors that were in place. The surge protectors and firewall have been replaced and new wireless access points were installed.
   It was moved by John Boyd, seconded by Joseph Peter Myers, was affirmatively voted upon to accept
   the financial report for June 2019.

E. Library Cosmetic Remodel/Project
   Marty provided the board with a quick overview of the hazardous reports on the building and his
   recommendation on how to approach the remodeling of the library without triggering costly seismic, Title
   24, and ADA upgrades. He suggested to do a phase-in approach which might require multiple permits
   and might take longer to complete the remodel but will avoid incurring expensive major upgrades. He
   suggested having an Architect do the schematic design which will help define all the work, identify the
   scopes of work that require permits versus maintenance work, i.e. like-kind replacements. The schematic
   design from the Architect will help in departmentalizing the work and determine phasing and the timelines
   for each phase. An example of phasing would be; phase 1 to remodel and make the restrooms ADA
   compliant; phase 2 to rework and relocate the front door entrance and rework the stairways to the
   mezzanine and make them ADA compliant; and phase 3 would be to add conference rooms.

   Judge Levine proposed to have a Building Committee meeting to discuss and get the proposals together
   to be presented to the Board. The Building Committee is composed of Judge Levine, Judge Trask and
   Judge Lucky. Victoria will arrange the building committee meeting in the next two weeks and a Board
   Meeting in mid-November to discuss the budget and proposals for the library remodel.
